

WHAT'S GOING ON IN KAROSTA?

Our ministry in Karosta is reshaping a lot. Lately we have worked hard to start something new.

NEW PLACE AND SHAPE

We have always seen God working through us. However, for quite a long time despite many efforts our house church didn't grow in numbers. We realized, that the model of our house church limits the growth. We kept alive our relationship with Christ and love between each other, but changed the place and shape. Now we rent new publicly accessible and very visible place. There we hold our Sunday gatherings and other activities.

On 20th of October we organized an **opening service**. There were over 50 people there. A part of them were our friends from other churches. They wanted to celebrate with us and show their support!

NEW FOCUS

Lord, what should be our main focus? We believe it's youth. We are sure that by reaching youth with the Gospel there will be a new generation of Christians and church. Therefore, we started youth nights "OPEN". We see God working there. Just in a period of one month a **seven people helper group** was established and **nine young people choose to invite Jesus** in their lives. Now we are 2 leaders – me and Intars (BPI student). We are in one mind and passion, but we pray for the growth of the team.

To become more effective in leading the church and preaching, on the 1st of November I quit leading football ministry. I fully delegated it to other coaches, who will continue it without me.

And ... this School year I continue to teach Theology at a local high school. At the same time, I continue my Master's studies in Liepaja University.

And... on 30th of October Agnese and I were celebrating 15 years of marriage. God has provided us with abundantly blessed life!

Prayer needs:

- Worship leader-warrior
- More saved and changed lives of youth
- Growing leader team
- That every Friday and Sunday there would be a new person who would visit and get rooted in the church

To support our ministry financially:

Mārcis Dejus

Name of bank: SWEDBANK, SWIFT code: HABALV22

IBAN account number: LV69HABA0551008587058
